

Who We Are

We're not an art class – we're a place to do. Paint it. Build it. Try something new. We make creativity accessible, social, and low-pressure, with projects anyone can jump into.

No experience needed – just time to enjoy making something with your hands!

Services We Offer

Open Studio

Whether you have your own projects in mind or want to dive into something new, our studio is the perfect place! We offer a full array of crafting supplies, ready for you to use and all part of the hourly charge.

Wood Shop

We provide a diverse range of machinery available to fit your needs, which includes a finishing room. Safety classes are conducted every Saturday and are essential for using the Wood Shop. Ensure you carry your DA 3031 card to access the Wood Shop.

Matting & Framing

Our studio offers a wide selection of frame options along with top-notch conservation and preservation mats for your treasured items. Come by for a complimentary estimate.

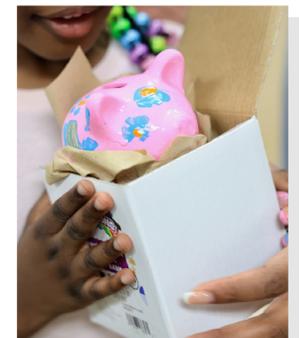

Custom Laser Engraving

Bring your own item for laser engraving or select one from our shop. We offer various wooden plaques, mugs, and glass pieces that can be engraved. Reach out to us or come by for a no-obligation estimate.

Celebrate With Us!

Host your next birthday, family gathering, team event, or special occasion at our studio!

We offer a variety of fun, hands-on projects for all ages to make every celebration memorable!
