

Word Warriors

Here are the rules:

Make sure everyone playing has their own copy of the list below. Randomly select a letter to use. Put three-minutes on the timer. Everyone fills out their list using words that start with the chosen letter. All words should match the categories provided on the list. When the timer ends, everyone stops. Each player reads their list. Players receive one point for words that no one else has, and zero points for words that multiple players have on their list
